DRAFT INTERAGENCY AGREEMENT (IAG) DELIVERABLE 903 INTERIM REMEDIAL ACTION PLAN (IRAP)

As discussed with EPA, CDH and your staff, a draft final IRAP for the 903 Pad, Mound and East Trenches Areas (Operable Unit No. 2) will not be submitted to the regulatory agencies on February 6, 1990 as required by the draft Interagency Agreement schedule.

Meetings were held January 8, 16, and 18, 1990 with EPA and CDH to discuss their comments on the draft IRAP submitted on schedule December 1, 1989. The issue was discussed with Mr. David Simonson and senior DOE/RFO staff at a briefing on January 24, 1990.

As indicated in their letter to Mr. Simonson dated January 26, the regulatory agencies would like to change the draft IAG schedule as it pertains to interim action at Operable Unit No. 2. A meeting to discuss plans and schedules for interim action with EPA and CDH has been scheduled by your staff on Monday, February 5, 1990.

Please contact Tom Greengard at extension 7121 if you want to discuss this issue.
